3 / BLUETOOTH PAIRING

1. Press and hold the Power button on your speaker for approximately 3-5 seconds to turn on your speaker. You will hear your speaker audibly say, “Powering on, welcome to Altec Lansing.”

2. Tap the MODE (Bluetooth) button. It will turn blue and begin to flash to indicate that your speaker is in Bluetooth pairing mode.

3. Go to your phone’s Bluetooth setting menu. Make sure that Bluetooth is turned on, and then select “Versa speaker” from the list of available devices in order to pair.

4. Once your speaker and phone have been paired successfully, the MODE (Bluetooth) button will stop flashing and remain blue.

4 / WI-FI CONNECTION

Please see “Altec Lansing VersA™ Bridge: Wi-Fi and Amazon Setup” for details about connecting your speaker to your mobile device via Wi-Fi.

5 / TROUBLESHOOTING: SYSTEM RESTART

If at any point your speaker stops working consistently, or you want to return to the original factory settings, simultaneously press and hold the volume up and volume down buttons on top of your speaker for 5-7 seconds.
INTRODUCTION
The Altec Lansing VersA™ Navigator is the center for your VersA™ speaker. From here you can access:

- Altec Lansing VersA™ Bridge:
  The Altec Lansing VersA™ Bridge app is used to setup the VersA™ speaker to be used as an Amazon Alexa enabled device via Wi-Fi.

- VersA BT Music Manager:
  The VersA™ BT Music Manager is used to connect and stream music from your mobile device to the VersA™ speaker through Bluetooth.

SYSTEM REQUIREMENTS
- Android Phones and Tablets with OS 4.5 or higher
- iPhones and iPads with iOS 8.0 or higher

APP INSTALLATION
Go to the Apple App Store (iOS products) or the Google Play Store (Android products) and download the ‘ALTEC Lansing VersA™ Navigator’ app.
Alternatively, scan the below QR Code to download the app.
INITIAL SETUP

1. LAUNCH APP:
   Make sure that your mobile device is Wi-Fi enabled and connected to your Wi-Fi network.
   Launch the Altec Lansing VersA™ Navigator app on your mobile device.
   You will be taken through the initial app setup. Note that the initial setup steps are seen only upon first launching of the app.
   IMPORTANT: During the initial setup, the applications listed below will be installed. Please follow the prompts to install the apps and after each installation please make sure to return to the Altec Lansing VersA™ Navigator app.
   Apps to be installed:
   1) Altec Lansing VersA™ Bridge
   2) Amazon Alexa

2. TUTORIAL:
   Scroll through the app’s tutorial and then tap “Get started”.

3. END USER LICENSE AGREEMENT:
   Tap “Agree and continue” on the EULA acceptance screen to continue.
   If “Decline” is selected, the app automatically closes. “Agree” must be selected to continue the initial setup.

4. WELCOME:
   The ‘Welcome’ introduction appears.
   Tap “Start” to continue the initial setup.

NOTE:
- The Altec Lansing VersA™ Bridge app is required for setting up your speaker to use Alexa. You must continue to the setup to install this application.
- The Amazon Alexa app is required to find skills for your Alexa enabled speaker.
5. GET STARTED:
The ‘Get Started’ screen then appears.
To get started you will need the following:

(1) Your Altec Lansing VersA™ Speaker
(2) Power outlet to plug in your speaker
(3) Your mobile device (phone or tablet)
(4) Wi-Fi network connection that your speaker will connect to
Tap “Set Up New Speaker” to continue the initial setup.

6. INSTALL THE ALTEC LANSING VERSA™ BRIDGE APP:
The next step is to install the Altec Lansing VersA™ Bridge app which is required to set up your speaker to use Amazon Alexa.

Tap the “Install Altec Lansing VersA™ Bridge” button and follow the instructions below:

(1) The Altec Lansing VersA™ Bridge app initial setup opens the app page in the online Play Store/Apple App Store.
(2) Tap “Install” to install the application.
(3) After the installation is complete, tap “Open” to launch the Altec Lansing VersA™ Bridge app.
(4) Follow the instructions to setup Wi-Fi and to sign in to your Amazon account. If you do not have an account please follow the prompts to create a new one.
(5) After successful installation, please return to the Altec Lansing VersA™ Navigator app.

NOTE: If you tap “Skip”, you can install the Altec Lansing VersA™ Bridge app at any time from the Navigator’s Home screen.

INSTALL THE AMAZON ALEXA APP:
The next step is to install the Amazon Alexa app which enables skills to be used on your VersA speaker.

Tap the “Install Amazon Alexa” button and follow the instructions below:
(1) The Amazon Alexa app initial setup opens the app page in the online Play Store/Apple App Store.

(2) Tap “Install” to install the application.

(3) Follow the instructions to setup the application.

(4) After successful installation, please return to the Altec Lansing VersA™ Navigator app.

NOTE: If you tap “Skip” you can install the Amazon Alexa app at any time from the Navigator’s Home screen. If you already have Amazon Alexa installed, you will not be prompted to install the application.

7. INITIAL SETUP COMPLETE:
Congratulations! The Altec Lansing VersA™ Navigator app has been successfully installed.

Please tap “Finish” to open the Altec Lansing VersA™ Navigator Home Screen.
HOME SCREEN

After completing the initial setup, the Altec Lansing VersA™ Navigator Home Screen appears.

The Home Screen assists you in the navigation of your speaker controls and functions.

1. **ALTEC LANSING VERSA™ BT MUSIC MANAGER**
   Tap to open the VersA™ BT Music Manager via the Bluetooth connection of your mobile device and VersA Speaker.
   See “Altec Lansing VersA™ BT Music Manager” for more details.

2. **ALTEC LANSING VERSA™ BRIDGE**
   Tap to open the Altec Lansing VersA™ Bridge app that connects your speaker to Wi-Fi and to your Amazon account. This allows you to use your VersA speaker as an Amazon Alexa enabler speaker. Please see “Altec Lansing VersA™ Bridge” for more details.

NOTE: Tap “Click here to find skills for your Alexa-enabled speaker” to use the Amazon Alexa app.
The Altec Lansing VersA™ Bridge app connects your VersA™ speaker to Wi-Fi and allows your speaker to work with Amazon Alexa voice control. This gives you access to music, news, weather shopping and more.

1. From the Home Screen, tap “Altec Lansing VersA™ Bridge”.

2. The Altec Lansing VersA™ Bridge app opens.
   NOTE: If the app was not installed during the initial setup, you will be prompted to install the app via the online Store. Once installed, please return to the Altec Lansing VersA™ Navigator app.

3. POWER ON YOUR SPEAKER:
   Press and hold the Power button for approximately 3-5 seconds to turn on your speaker. You will hear your speaker audibly say, “Powering on, welcome to Altec Lansing.”
   - After a few moments, the MODE (Bluetooth) LED starts to blink white, and you will hear your speaker audibly say, “Starting Up.”
   - If it is the first time connecting your speaker to Wi-Fi, you will hear your speaker audibly say, “Speaker is Not Connected to Wi-Fi network.”

4. SET UP SPEAKER – CONNECT TO WI-FI AND AMAZON:
   1) Select your home Wi-Fi network and enter the password.
   2) Your ALTEC Lansing VersA™ speaker supports Alexa Voice Services. To begin using Alexa on your ALTEC Lansing Versa speaker, you will need to log in to your Amazon account. Follow the prompts to log in to your Amazon account or create a new one.

5. SPEAKER SCREEN:
   After successful Wi-Fi connection and login to Amazon, the Speakers Screen opens,
displaying the list of connected speakers.
The following options are available:
- “Set Up New Speaker”: Tap to set up another speaker.
- Connected Speaker(s): Tap a speaker name from the list to open the selected speaker’s information screen.

6. SELECTED SPEAKER SCREEN:
The selected speaker’s information is displayed with the following options:
1) Log in or log out of Amazon:
   Tap to either log in to Amazon if you are not logged in, or to log out if you are logged in.
2) Update speaker Firmware:
   Tap to update your speaker’s Firmware – when an update is available.
3) Remove speaker:
   Tap to remove the selected speaker from the app.

7. After completing the Altec Lansing VersA™ Bridge settings, please return to the Altec Lansing VersA™ Navigator app.
8 / ALTEC LANSING VERSA™ BT MUSIC MANAGER

INTRODUCTION
The Altec Lansing VersA™ BT Music Manger app allows you to stream and play music from on-demand music streaming services such as Spotify, Deezer, Napster and from your phone. Create unique music playlists with combined music from your phone and from your music services.

Using the Altec Lansing VersA™ BT Music Manger app you can:

• Play music from your phone on your Altec Lansing Bluetooth speakers.
• Control Play/Pause/Skip/Volume/Mute
• Play Spotify, Deezer and Napster online music services songs on your Altec Lansing Bluetooth speakers.
• Play Spotify, Deezer and Napster playlists.
• Play combined custom playlists with songs from your phone and songs from Spotify, Deezer and Napster.
• Create and sync Spotify, Deezer and Napster playlists.
• Control Equalizer sound settings.

PLAYING YOUR MUSIC

• Connect your VersA™ speakers to the Altec Lansing VersA™ BT Music Manger app and the music plays on the speaker.
• When your Altec VersA™ speaker is not connected to your phone, the music plays on your mobile device via the Altec Lansing VersA™ BT Music Manger app.
MUSIC STREAMING SERVICES

• Deezer
• Napster
• Spotify

NOTE: You must be logged in to the selected online music service in order to access your online music from the selected service.

PAIRING YOUR SPEAKER WITH YOUR MOBILE DEVICE

1. Press and hold the Power button on your speaker for approximately 3-5 seconds to turn on your speaker. You will hear your speaker audibly say, “Powering on, welcome to Altec Lansing.”

2. Tap the MODE (Bluetooth) button. It will turn blue and begin to flash to indicate that your speaker is in Bluetooth pairing mode.

3. Go to your phone’s Bluetooth setting menu. Make sure that Bluetooth is turned on, and then select “Versa speaker” from the list of available devices in order to pair.

4. Once your speaker and phone have been paired successfully, the MODE (Bluetooth) button will stop flashing and remain blue.
NAVIGATION
The top information and navigation bar includes access to the Main Menu options, display of the Bluetooth status, display of the selected view, display of the speaker battery status, and app menu.

The **Home** button opens the Altec Lansing VersA™ Navigator Home Screen.

The **Main Menu** button is the entry point to all the main functions of the app. Tap the **Main Menu** button to open a screen with these options: Connect Bluetooth, All Music, My Phone, Playlists, Search Online, Settings, Music Services

The **Bluetooth Status** icon displays the current status of the Bluetooth connection. When your speaker is successfully connected to your mobile device, the Bluetooth icon appears in a blue circle. If the speaker is not connected, the Bluetooth icon appears in a gray circle.

The **View name** displays the current view. The available main views are: All Music (default), My Phone, and Playlists.

Tap on the **App Menu** button to access the following app options: Search, Play queue, About, Help, User Manual.
MAIN MENU OPTIONS

- **Connect Bluetooth**
  ‘Connect Bluetooth’ allows you, via the Bluetooth connection, to pair and connect your VersA speaker to your mobile device.

- **All Music**
  ‘All Music’ is the main screen of the app. ‘All Music’ displays an aggregated list of the songs on your mobile device (My Phone) and the connected music services. ‘All Music’ has three views: Songs, Albums and Artists.

- **My Phone**
  ‘My Phone’ displays the list of songs on your device.
  ‘My Phone’ has three views: Songs, Albums and Artists.

- **Playlists**
  The ‘Playlists’ screen lists all of your playlists. A playlist can contain a combination of songs from your mobile device and from the music services (Spotify, Deezer and Napster).
• **Search Online**
  ‘Search Online’ allows you to search for songs in your music services and add them to your play queue and playlists.

• **Settings**
  ‘Settings’ allows you to edit or add music services, go to the Equalizer controls and select Wi-Fi or mobile data connection.

**MUSIC SERVICES OPTIONS**

• **Deezer**
  ‘Deezer’ displays the list of songs in your Deezer music service.
  Deezer has three views: Songs, Albums and Artists.

• **Spotify**
  ‘Spotify’ displays the list of songs in your Spotify music service.
  Spotify has three views: Songs, Albums and Artists.

• **Napster**
  ‘Napster’ displays the list of songs in your Napster music service.
  Napster has three views: Songs, Albums and Artists.
APP MENU OPTIONS

• Search
  1. Tap Search to open the search box.
  2. Enter your search query into the search box to search the music on your mobile device and music services you are currently connected and signed in to.
  3. The search results appear.
     The search results display results as per the current View in the app. For example, if you are in the ‘Songs’ view, the search results will list songs.
  4. Tap on one of the results to open it or to play it.
  5. Tap on the ○ Menu icon next to the music source icon to open the file menu options. The available options vary as per the current view:
     Remove from account (when available), Select, Play next, Add to queue, Add to Playlist, Song Data.

• Play Queue
  1. Tap Play Queue to open the Queue screen.
  2. The songs you have selected to ‘Add to Queue’ are listed.
  3. The music source icon next to the song name displays the source of the music file (My Phone or one of the music services).
  4. Tap on the location icon (to the right of the music source icon) and drag to move up or down in the queue list.
  5. Tap the ☢ Menu button and then tap Clear queue to remove the list of songs from the queue.
• **About**
  Tap **About** from the App Menu list to view the app copyright, version, open source licenses, and license.

• **Help**
  Tap **Help** from the App Menu list to open the online Help.

• **User Manual**
  Tap **Manual** from the App Menu list to open the online speaker and Altec Connect app **Manual**.
CONNECT BLUETOOTH

To access ‘Connect Bluetooth’:

Tap the Main Menu button and then tap Connect Bluetooth.

‘Connect Bluetooth’ allows you, via your Bluetooth connection, to connect to your Altec Lansing VersA speaker.

CONNECT TO ALTEC LANSING SPEAKER VIA BLUETOOTH

Tap the Main Menu button > Connect Bluetooth button and then the ‘Connect speakers via Bluetooth’ option. The following instructions are displayed:

1. POWER ON SPEAKER:
   Power on your Altec Lansing VersA speaker by pressing the Power button.

2. ENABLE BLUETOOTH:
   Go to your phone Settings and turn on Bluetooth.

3. PAIR YOUR SPEAKER TO YOUR PHONE:
   Once your Altec Lansing Bluetooth speaker is in pairing mode, the speakers’ name appears in your phone’s Bluetooth device list.
   Select your Altec Lansing Bluetooth speaker to pair and connect to.
MUSIC PLAYER

MINI PLAYER
1. The Mini Player appears on all the main modes.
   The Mini Player shows the currently playing song on all the main modes and views:
   All Music, My Phone, Playlists, Spotify, Deezer and Napster.
2. Tap ► Play to play song and  ■ Pause to pause a playing song.
3. The name of the selected song appears and the artist name.
4. Tap on the Mini player to open the Music Player.

Sample Song
Sample name

MUSIC PLAYER
Tap on the Mini Player to open the Music Player.
1. The name of the selected song and the artist name appear.
2. The music source icon above the song name displays the source of the music file
   (My Phone or one of the music services).
3. Music Player controls:
   - ► Play /  ■ Pause: Tap to play or pause the playing song.
   - ▶▶ Next song: Tap to play the next song in the list.
   - ◀◀ Previous song: Tap to play the previous song in the list.
   - Shuffle: Tap to shuffle the songs in the list.
   - Repeat: Tap to repeat the list of songs.
   - Volume controls:
     Slide right or left to adjust volume controls.
   - Song Duration: Slide right or left to change the song duration.
4. Queue:
- Tap the music play icon (located on the top right) to open the ‘Queue’ screen.
- The songs you have selected to ‘Add to Queue’ are listed.
- The music source icon next to the song name displays the source of the music file (My Phone or one of the music services).
- Tap on the location icon (to the right of the music source icon) and drag to move up or down in the queue list.
- Tap the Menu button and then tap Clear queue to remove the list of songs from the queue.

5. Equalizer:
   Tap the Equalizer icon to open the ‘Equalizer’ screen.

**Equalizer Screen**
1. Tap on the Equalizer icon on the Music Player to open the ‘Equalizer’ screen.
2. **On/Off:** Tap to turn Equalizer On or OFF.

3. **Equalizer Presets:** Select to apply equalizer presets based on the music genre you want:
   - Default
   - Classical
   - Dance
   - Folk
   - Heavy metal
   - Hip-Hop
   - Jazz
   - Pop
   - Rock
   - FX booster
   - User

4. **Equalizer controller:**
   Move the sliders up or down to adjust the sound while the music is playing.

5. **Volume, Bass and Treble controls:**
   Slide the blue dot to adjust the controls.

**NOTE:** On iOS, the equalizer is only available for songs on My Phone.
**ALL MUSIC**

‘All Music’ is the main screen of the app. The list of songs displayed in the screen is a combined list of the music on your mobile device and includes all the songs in your connected Music Service accounts.

NOTE: If the Internet is not connected, the list of songs that are included in the Music Services does appear, however the songs are greyed out.

To access the ‘All Music’ screen:

- Tap the **Main Menu** button and then tap All Music. The ‘Songs’ view opens by default.
  - ‘All Music’ has three views: **Songs**, **Albums** and **Artists**.
- From the ‘All Music’ screen, tap on **Songs**, **Albums** or **Artists** to change to a different view.

**SONGS VIEW**

View an aggregated (combined) list of all the songs on your mobile device including the connected Music Services songs in your accounts.

1. Tap the **Main Menu** button and then tap **All Music**. The ‘Songs’ view opens by default.
2. The list of song names is displayed alphabetically. The Artist name appears under the Song name.
3. The music source icon next to the song name displays the source of the music file (My phone or one of the connected Music Services).
4. Tap on the **Menu** icon next to the music source icon on the right to open the file menu options: Select, Play next, Add to Queue, Add to playlist, Song data, Remove song.
5. Tap on a **Song** to play it.
**ALBUMS VIEW**

View all songs sorted by albums in the **Albums** view.

1. Tap the **Main Menu** button and then tap **All Music**. Tap the **Songs ▼** menu on the top center to open the ‘All Music’ list and then select the **Albums** view.

2. The list of album names is displayed alphabetically. An Album thumbnail is displayed next to the name. The artist name appears under the album name.

3. The music source icon next to the album name displays the source (My phone or one of the Music Services).

4. Tap on the **Menu** icon next to the music source icon on the right to open the Album menu options: Select, Play next, Add to queue, Add to playlist.

5. Tap on an **Album** name to open the ‘**Album**’ screen.

---

**Album Screen**

View and play album tracks.

1. The top part of the screen displays the album name and thumbnail.
   
   Tap ▶ **Play** to play album songs.

2. The list of song names is displayed alphabetically. Artist name appears under the song name.

3. The **Menu** icon next to the song names opens the menu options:
   
   Select, Play next, Add to queue, Add to playlist, Song data, Remove song.

4. Tap on a **Song** to play it.
**ARTISTS VIEW**

View all songs sorted by artists in the ‘Artists’ view.

1. Tap the 📖 Main Menu button and then tap All Music. Tap the Songs ▼ menu on the top center to open the ‘All Music’ list and then select the Artists view.

2. The list of artist names is displayed alphabetically with the number of Artist albums and number of songs.

3. The music source icon next to the Artist name displays the source (My phone or one of the Music Services).

4. Tap on the ☰ Menu icon next to the music source icon on the right to open the Artist menu options: Select, Play, Add to Queue, Add to playlist.

5. Tap on an Artist name to open the ‘Artist’ screen.

Tap to allow use with mobile/cellular data.
This warranty covers the original consumer purchaser only and is not transferable. This warranty covers products that fail to function properly UNDER NORMAL USAGE, due to defects in material or workmanship. Your product will be repaired or replaced at no charge for parts or labor for a period of one year.

What Is Not Covered by Warranty
Damages or malfunctions not resulting from defects in material or workmanship and damages or malfunctions from other than normal use, including but limited to, repair by unauthorized parties, tampering, modification or accident.

To obtain Warranty Service and Troubleshooting information:
To receive Warranty service along with the name and address of an authorized product service center, the original consumer purchaser must contact us for problem determination and service procedures. Proof of purchase in the form of a bill of sale or receipted invoice, evidencing that the Product is within the applicable Warranty period(s), MUST be presented in order to obtain the requested service. It is your responsibility to properly package and send any defective products along with a dated copy of proof of purchase, a written explanation of the problem, and a valid return address to the authorized service center at your expense. Do not include any other items or accessories with the defective product. Any products received by the authorized service center that are not covered by warranty will be returned unrepaired.
NO WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OTHER THAN THOSE EXPRESSLY DESCRIBED ABOVE SHALL APPLY. DISTRIBUTOR FURTHER DISCLAIMS ALL WARRANTIES AFTER THE EXPRESS WARRANTY PERIOD STATED ABOVE. NO OTHER EXPRESS WARRANTY OR GUARANTY GIVEN BY ANY PERSON, FIRM OR ENTITY WITH RESPECT TO THE PRODUCT SHALL BE BINDING ON DISTRIBUTOR. REPAIR, REPLACEMENT, OR REFUND OF THE ORIGINAL PURCHASE PRICE - AT DISTRIBUTOR’S SOLE DISCRETION - ARE THE EXCLUSIVE REMEDIES OF THE CONSUMER. IN NO EVENT WILL DISTRIBUTOR, ITS MANUFACTURERS, OR SAKAR INT. BE LIABLE FOR ANY INCIDENTAL, DIRECT, INDIRECT, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, BUSINESS, SAVINGS, DATA OR RECORDS) CAUSED BY THE USE, MISUSE OR INABILITY TO USE THE PRODUCT. EXCEPT AS STATED HEREIN, NO OTHER WARRANTIES SHALL APPLY. NOTWITHSTANDING THE FOREGOING, CONSUMER’S RECOVERY AGAINST DISTRIBUTOR SHALL NOT EXCEED THE PURCHASE PRICE OF THE PRODUCT SOLD BY DISTRIBUTOR. THIS WARRANTY SHALL NOT EXTEND TO ANYONE OTHER THAN THE ORIGINAL CONSUMER WHO PURCHASED THE PRODUCT AND IS NOT TRANSFERABLE.

Some countries, states or provinces do not allow the exclusion or limitation of incidental or consequential damages or allow limitations on warranties, so limitation or exclusions may not apply to you. This warranty gives you specific legal rights, and you may have other rights that vary from state to state or province to province. Contact your authorized retailer to determine if another warranty applies. This product is manufactured, distributed and sold by SAKAR International, Inc. All other trademarks are the property of the respective owner, who has not sponsored, endorsed or approved this product.
This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.

NOTE:
Specifications and designs are based on the latest information available at the time of printing and subject to change without notice.
Please refer to the online Help/Instruction Manual for the most current information.
